Navy Keeps Tabs On Soviet Ships

WASHINGTON (AP) — Navy patrol planes are keeping tabs on Soviet ships and vessels of other nations heading through the Gulf of Tonkin toward Communist North Viet Nam, sources said today.

They said these patrol aircraft sometimes fly as low as a few hundred feet to get clear identification of such ships, to photograph them, and to check on whether they are carrying deck cargo such as airplane fuselages, missile bodies, or tanks.

These sources deny Navy planes do any buzzing, which means a very low and harassing pass.

The Soviet Union has been claiming repeated U.S. buzzing of its ships off Viet Nam, in the East China Sea, and the Sea of Japan.

Navy officials noted that Soviet planes in the past have overflown U.S. aircraft carriers in both the Pacific and the Atlantic.

The Navy stepped up air patrols along the Vietnamese coast about five weeks ago.

Two such patrols are flown each day by P2V Neptune patrol planes based in South Viet Nam.

A major purpose of the expanded patrolling is to monitor shipping bound into North Viet Nam — not only Communist bloc shipping but vessels of other nations as well.

The greatest interest is in vessels flying Communist bloc flags, especially since the Soviet Union announced it would provide increased military aid to North Viet Nam, which has been hammered by U.S. and South Vietnamese air bombing strikes. Particular watch is kept for ships equipped with large hatches, since these might be carrying antiaircraft missiles or other kinds of missiles in their cargo holds.

So far, sources said, the Navy patrol planes have not spotted any vessels with suspicious deck cargo.

Nor have they noticed any significant rise in ship traffic into North Viet Nam, it was said.

Senior Citizens Tax Relief Bill Runs Into Snag

LANSING (AP) — A multimillion dollar senior citizens property tax relief bill was caught in a power play between the House and Senate today.

The House voted 57-48 not to concur in Senate amendments. It sent the measure back to the upper chamber. The bill originally passed the House with an overwhelming majority but 13 Democrats jumped the fence Thursday to vote with Republicans.

Instead of appointing a conference committee to work out their differences, the Senate amended another bill to include provisions identical to those under dispute. The new bill passed 33-1.

"This is to let them (the House) know we're firm," majority leader Sen. Raymond Dzendzel said. "It will be up to the House to withdraw this bill."

The parliamentary battle primarily is a fight between House and Senate Democrats, with House Republicans on the side of the Senate.

"Let us get into a back room with them (the Senate)," said House majority floor leader J. Bob Traxler, D-Bay City. "If we can't work out our differences there, we'll meet them under the (capitol) dome."

Rep. Daniel Cooper, D-Oak Park, said the Senate usually "puts the cool hand of logic" on the work of the "passionate, hot-headed House, but this time it has put the cool hand of reaction on a bill."

The center of the controversy is a renters provision which the House insists upon and which the Senate refuses to approve.

The Senate version would cost an estimated $20 million to $40 million. It would have granted a tax exemption on the first $2,500 of a homestead with a state equalized valuation of up to $10,000. It would have given an equivalent state grant to over-65 renters.

The Senate version, with an estimated cost of $13.5 million a year, added a $5,000 annual maximum income provision and deleted the renters grant.

Weather

By The Associated Press

Escanaba and Vicinity — Low temperature last night 18, high Thursday 32. Increasing cloudiness tonight, low 18. Saturday cloudy with snow changing to snow and rain mixed by afternoon. High 40. Sunday outlook rain with little temperature change.

Upper Peninsula — Generally fair and continued cold this afternoon and tonight. Saturday partly cloudy and not so cold. Low tonight 12 to 19, locally lower in interior. High Saturday mostly in the 30s.

Lower Michigan — Generally fair and continued cold this afternoon and tonight. Saturday fair to partly cloudy and not quite so cold. Low tonight 12 to 19 except locally lower in interior. High Saturday mostly in the 30s.

General Badly Hurt In Jump

FT. BRAGG, N.C. (AP) — investigators today sought the cause of a parachute jumping accident which left Brig. Gen. Joseph Stilwell, 53, with fractures of the lower back, pelvis and both heels.

The general, commander of the Army's John F. Kennedy Center for Special Warfare, was listed in serious condition after surgery at Womack Army Hospital at Ft. Bragg. A spokesman said he was "doing well," considering the circumstances.

He also sustained bruises on the chest and face Thursday during a free-fall jump — sky diving in which opening the parachute is delayed so the jumper comes down quicker.

He is the son of the late Gen. Joseph (Vinegar Joe) Stilwell, commander of the United States forces in the China-Burma-India theater in World War II.

The center trains Special Forces troops — wearers of green berets — and many of its graduates are serving as advisors in South Viet Nam.

Gen. Stilwell, a 1933 graduate

Gen. Stilwell

of West Point, took command of the special warfare center last Feb. 8, after being deputy commander since July, 1964. He served in China, Burma, and India during World War II.

INJURED IN GERMANY

WIESBADEN, Germany (AP) — Maj. Gen. John K. Hester, 17th U.S. Air Force commander, was badly injured today in a practice parachute jump. He was the second U.S. general seriously injured in a parachute accident in two days.

An Air Force communique said Hester, 48, was hurt in a parachute qualification jump at Mannheim and was in a serious condition at a hospital in Wiesbaden. He received a brain injury.

Plane Plunges In Snowstorm; 2 Fathers Die

ADRIAN (AP) — A twin-engine airplane crashed during a blinding snowstorm near Adrian Thursday, killing the Illinois pilot and passenger, both fathers of large families.

State police identified the victims as Stewart Rogers, 43, the pilot, Palatine, Ill., and Bernard M. Mulligan, 35, of Chicago. Rogers was the father of eight children and Mulligan, five, police said.

The plane crashed in a cornfield ten to 15 minutes after taking off from Adrian Municipal Airport for Joliet, Ill. The craft was partly consumed by flames that broke out in the crash some 10 miles southeast of the airport.

Rogers had difficulty starting the left engine of the Cessna 310 but the takeoff had appeared smooth, witnesses said.

Later, the Toledo, Ohio, airport told police it had received a radio report of engine trouble from what apparently was Rogers' aircraft.

Rogers was the owner of Skymasters Inc. of Lockport, Ill., a charter plane service, his wife, Mrs. Lenora Rogers, 41, said. Mulligan, a construction engineer, was employed by Paxton Construction Co. of Homewood, Ill.

The firm had completed construction of the $2 million Maria Home for the Sisters of St. Dominic at Adrian, and Mulligan apparently was on an inspection visit.

Visibility was near zero when the plane took off. Since Adrian Municipal was not equipped with radar landing guidance, the craft probably could not have returned there in event of trouble, authorities said.

Problems Studied

LANSING (AP)—Gov. George Romney, Lt. Gov. William Milliken and State Republican Chairman Elly Peterson will address some 150 college student leaders April 10 in a Republican conference on problems facing society. The session, in cooperation with the Republican Student Advisory Committee, will meet in East Lansing.

Schirra Wants Next Space Hop

HOUSTON, Tex. (AP) — A veteran Mercury astronaut and a balding test pilot are likely to get the nod for this country's most ambitious space mission — meeting and joining two vehicles in space.

It's stoutly speculated at the Manned Spacecraft Center that Walter M. Schirra Jr., 42, and Thomas P. Stafford, 34, will be named Monday to make the fourth manned Gemini flight.

Schirra, a Navy commander has said many times his heart is set on flying this one because it probably will be the most interesting, and he wants Stafford, an Air Force major with him.

They were backup crewmen for Air Force Maj. Virgil I. Grissom and Navy Lt. Cmdr. John W. Young for the initial manned Gemini flight last week. Schirra and Stafford have followed the same strict training schedule.

The rendezvous mission is planned for two days. The astronauts would pilot the Gemini spacecraft to an Agena rocket and try a docking maneuver about 116 miles above the earth while traveling at about 25,000 miles per hour.

Up 15 Per Cent

EAST LANSING (AP) — Spring term classes opened Thursday at Michigan State University with 28,442 students on campus — up 15 per cent from last spring's 24,810. Registrar Dr. Horace King said total enrollment was 33,151, including students at Oakland University, students in credit extension courses and those at MSU's seven resident centers. The total is up 14 per cent from last year's 28,973.

Harden Is Not Resigning His Post At NMU

LANSING (AP) — President Edgar Harden of Northern Michigan University withdrew his resignation today, but Gov. George Romney indicated that an NMU board member would be replaced.

Harden turned in his resignation at a board meeting last Friday after a dispute over general administration with board member Lincoln Frazier of Marquette.

Then Harden, president of the Marquette school for nine years, withdrew the resignation today. He said his decision came after visiting with Gov. Romney and Edwin O. George, President of the Northern Michigan board of control.

He said it was a result of the decision of the board of control in refusing to accept the resignation.

Frazier handed in his resignation Tuesday and Romney declined comment.

But then today, the governor said: "What's going to happen there (with Frazier) is definite but I'm not prepared to announce it at this time."

Romney stressed that Frazier reports to the governor, Harden to the board of control.

News of the resignation didn't become public until Thursday but Harden quickly gained support.

An estimated 3,000 NMU students, about three-fifths of NMU's student body, demonstrated on the campus in support of Dr. Harden.

The demonstrating students, who marched about the campus,

Endorsed

The Executive Committee of the Upper Peninsula Committee on Area Progress Thursday night adopted the following resolution in a conference phone call affecting the announced resignation of Dr. Edgar L. Harden as president of Northern Michigan University:

"We urge you to request that Dr. Edgar Harden reconsider his decision to resign the presidency of Northern Michigan University. His dynamic efforts for the improvement of educational, economic, and community conditions in the U.P. are widely recognized. We hope it will be possible for you to convince Dr. Harden to continue his excellent efforts for Northern Michigan University and for the U.P.

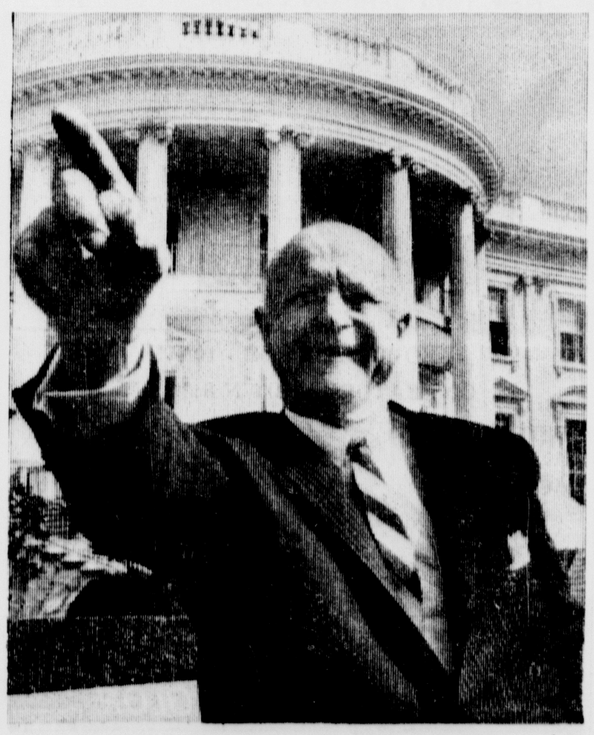
Signatures:

Signatures:

UPCAP Executive Committee, Harold Dettman, Chairman; Lynn Sandberg, Vice Chairman; Robert Ray, Secretary; Fred Hahne, Treasurer

By Dr. E. V. Bowden, executive director

The resolution of UPCAP's directors was specially meaningful because Dr. Harden and Walker Cisler, president of Detroit Edison Co., head Operation Action - U.P., an economic development agency like UPCAP. The resolution was sent to the NMU Board of Control and to Governor Romney and Cisler.



HOMER H. GRUENTHER, special presidential assistant who has taken thousands of persons on tours of the White House, poses in front of the Executive Mansion as he winds up his job. Gruenther, who served under Presidents Eisenhower, Kennedy and Johnson, is nearing 65 and says he wants to "catch up on my fishing and do some traveling." (AP Wirephoto)

Boom Can Go On, President Declares

NEW GOP CHAIRMAN Ray Bliss (right) poses with Richard Nixon, 1960 presidential nominee, at a conference of Republican women in Washington. Bliss called upon Republicans to build a party of broad national appeal, free of "mud slinging and negative thinking". Nixon told the women delegates that even President Johnson would be better off with more Republicans in Congress. (AP Wirephoto)

Red China Main Obstacle In Viet Nam Peace Move

Something new — perhaps dramatic — may be in store for the Viet Nam crisis.

Nonaligned nations are taking an initiative to seek peace negotiations "without strings." Moscow seems anxious to snuff out the sputtering fuse in Southeast Asia. North Viet Nam hints vaguely it might listen. The big stumbling block appears to be Red China.

Talks may be possible, but they could require something like diplomatic isolation of Red China.

Hanoi Dissatisfied?

Southeast Asia's future may lie with the answer to questions like these:

How much control has Red China over the North Vietnamese regime in Hanoi?

Why did the Soviet Communist party virtually humiliate itself in adopting the soft answer to Peking's harsh attacks in the world Communist dispute?

What was the meaning of official hints from Washington that the United Nations might have a role in easing the Viet Nam peril?

From time to time there have been indications that the Hanoi regime wriggles uncomfortably in Red China's grip. Ho Chi Minh was a Moscow-trained Comintern agent for much of his life. Ho's heart probably is with Moscow, but his border is with Red China, and his Communists cautiously supported the Chinese in the Moscow-Peking quarrel.

Hints Dropped

Yet Ho must fear to see North Viet Nam laid waste as a sacrifice to Red Chinese ambitions. Through cautious hints dropped in the right places, Hanoi has managed to spread the word that it would not insist on withdrawal of U.S. troops from the south as a condition for a ceasefire and negotiations.

Soviet behavior toward the Viet Nam issue has been intriguing, against the background of the Moscow-Peking battle. Moscow has sought to be seen as a reasonable party in the dispute, the one willing to go more than half way toward peace and unity, even to failing to reply in kind to Chinese propaganda attacks.

It is unlike Moscow, representing a mighty world power, to humilitate itself before Peking. There may be a motive. By adopting this attitude, the Kremlin can say in the future that it had gone more than half way to patch up the dispute and that if the gap cannot be closed, the fault in the eyes of world Communists must lie with the Red Chinese. This would leave the Kremlin free to adopt whatever diplomatic course it deemed best suited to Soviet national interests.

The Moscow-Peking clash is pronounced in Africa and Asia, where Chinese delegations are busy undermining the Russians' claim to representation in an Afro-Asian meeting in Algeria this June. But there seems more to it than just that.

Skullduggery Suspected

The Chinese probably would like to parry just such a development as the nonaligned nations' initiative for no-strings negotiations in South Viet Nam. The situation as it is can continue for years without costing the Chinese much, and can promise eventual effective domination of all Southeast Asia for Peking.

China will react angrily to the idea of a U.N. role in South Viet Nam. Peking already suspects the Russians of skulduggery in this respect. A U.N. presence in Viet Nam could mean difficulty for Peking's long-range program.

The Soviet Union has been making gestures toward Western Europe, seeking what Pravda calls "constructive dialogue." The Russians need a measure of Western good will to insure a source of goods and credits as they try to mend and build up their brittle internal economy. Thus, the Kremlin seems anxious to avoid situations of supertension between East and West.

The combined pressure of the United States, Western Europe, the nonaligned nations and the pro-Soviet Communist bloc conceivably could back Red China into a corner.

Goldwater And Nixon Disagree On Vote Rights

WASHINGTON (AP) — Two top Republidans — Barry Goldwater and Richard M. Nixon — stood on opposite sides today in the debate over legislation to guarantee Negro voting rights.

Goldwater said there are enough voting-rights laws on the books already — and added the legislation President Johnson now seeks "does nothing less than change our Constitution."

"If we are to do this," the party's 1964 presidential nominee told more than 2,000 Republican women Thursday, "we should be approaching the current legislation as an amendment to the Constitution."

But Nixon, the nominee in 1960, said action is needed now, to cope with a situation he termed volatile. He said a constitutional amendment would take too long.

"I think the Congress should act, but I think it should act judiciously," the former vice president told a news conference.

The 13th annual Republican Women's Conference hears today from Senate Republican Leader Everett M. Dirksen, who played a major role in drafting the Johnson bill.

The party's top policymakers already are on record as advocates of federal action to guarantee all Americans their right to vote before the 1966 congressional elections.

The Republican Coordinating Committee took that stand March 10. Goldwater is a member, but he was not on hand then. Nixon was.

Nixon said a constitutional amendment on voting rights could not be effective in time for the 1966 balloting. He said that kind of delay would lead to new demonstrations and the danger of violence.

"The situation requires enactment of a bill now," Nixon said. But he was critical of the Johnson proposal. For one thing, he said, it does not provide broad enough coverage.

Lost Gold Bars Reach England, 8 Weeks Late

SOUTHAMPTON, England (AP) — A consignment of 20 gold bars worth $284,200 arrived Friday from South Africa aboard the liner Capetown Castle — eight weeks late.

The gold vanished from a strongroom aboard the liner in February. A search of the vessel in Southampton was fruitless, and the ship sailed back to South Africa. There a second search turned up the bars, hidden on the ship.

Economic Gains Rated Longest In U.S. History

WASHINGTON (AP) — President Johnson, citing record high employment and a seven-year jobless low, says the nation can continue riding the crest of its longest economic boom in history.

"There is much good news economically," Johnson said after the Labor Department reported Thursday that more than 70 million Americans were at work in March.

The drop in the jobless rate from 5 per cent to 4.7 per cent of the labor force is also good news, he said, but still 'unemployment is too high."

Highest On Record

The Labor Department said employment climbed 700,000 to 70,169,000, the highest March on record and — on a seasonally adjusted basis — the highest for any month in history.

"The news of this gain in employment is the best — and the most important of all," Johnsonson.

He added: "I believe there is no more important test of the performance of this American economic system than our ability to provide jobs for those who want and need a job."

He said the record is a tribute to all sectors of this economy, including business, labor and his own administration.

"I believe that by trusting the working of our free economy — and making wise use of our federal policies — we can continue to sustain our prosperity," he said.

Too Many Idle

He noted the economy is in its 50th consecutive month of expansion, longest in history.

The unemployment figure of 4.7 per cent — seasonally adjusted — was the lowest since October 1957. The Labor Department adjusts the figures to account for normal seasonal fluctuations. Without adjustment, the jobless figure in March was 5 per cent of the civilian labor force, which climbed about 200,000 to 73,909,000.

The number of unemployed persons in March was 3,740,000, down from 4,218,000 in February.

"That is too many," Johnson said. "With so many Americans doing so well these days, it is more important than ever that we do not forget nor neglect those who are not sharing in the production or enjoyment of our abundance."

Hard Fight Kills 4 U.S. Soldiers

SAIGON, South Viet Nam (AP) — Four U.S. Army men were killed and six others wounded in an assault on a Viet Cong stronghold 20 miles west of Saigon, U.S. military spokesmen reported today. Heavy casualties, both government and Communist, were reported in other actions in South Viet Nam.

Two of the American dead and some of the wounded were helicopter crewmen. Two U.S. Army helicopters were shot down during the fighting.

Reports of the fighting, in Hau Nghia Province, were fragmentary. Early reports said five South Vietnamese soldiers were killed and 20 wounded during the first phase Thursday.

The American dead brought the U.S. toll in Vietnamese combat since December 1961 to 320.

Thirty-three U.S. jet fighters and bombers blasted suspected Viet Cong concentrations at various sites inside South Viet Nam today. The biggest raid was by 17 F100 Super Sabre Jets in Quang Tri Province, not far from the North Vietnamese border.

Today's Chuckle

A taxpayer received a letter from the Internal Revenue Service regarding expense accounts. It said: "Shall we go over this return item by item, or would you prefer to chicken out now?"

Presbyterians Plan Centennial

Local Presbyterians are taking the first steps toward planning the celebration of the congregation's 100th anniversary in Escanaba in April of 1966.

The 99 year old bylaws are being studied by a group of former Trustees and Elders, many of whom have contributed to the life of the church over the last five decades. The next meeting of this group is a breakfast gathering at 8 Sunday, April 4.

Another phase of preparation for the centennial year includes a fund drive headed by Mr. and Mrs. Robert E. Meyer. Volunteers, numbering 50, will meet at the church on Sunday afternoon, April 4, at 1:30 to receive instructions for the personal visits they will make to members and friends of the congregation that afternoon. Many of the Centennial Fund projects have been designated by a study commitee with an eye to preserving that which already exisits.

Many interesting areas of past church activities will be studied for presentation in a Memory Book. Organizations no longer active such as the Light Bearers, Yoeman of Arthur, Kinghts of King Arthur and others will be represented under the direction of Mrs. Stanley Ostmand.

The Ladies Aid will be researched by Mrs. Joseph LaCrosse and Mrs. Ralph Sogard. Mrs. Karl Gray is studying the work of the Deacons and Mrs. Laurence Erickson will compile a summary of former ministers and members of the congregation who have gone into professional church work.

As all work is in the formulative stage, many committees will be announced later. All committee chairmen urge anyone in the community having knowledge of any Presbyterian activity in the past to contact them.

Mrs. Robert Ham is coordinator of Centennial planning.

First Pipe For Line Delivered

The first three carloads of pipe has arrived via the Soo Line in Hermansville and has been stored for use in the pipeline of Michigan Consolidated Gas Co. construction start is awaiting approval by the Federal Power Commision of the utility's application to build a natural gas line to serve the lower Upper Peninsula from Rapid River to Iron River, including the village of Hermansville. It plans to start line work this spring and offer gas service this fall.

Michigan Consolidated has leased for seven months from March 10 three areas in Hermansville for storage of pipe and materials used in the construction of its gas pipe line.

Fred H. McIntyre, vice-president of Sales, just recently advised Hermansville industrial developers that the company plans to set up offices in Iron Mountain and Escanaba.

College Expands

GRAND RAPIDS (AP) — Ground was broken today for a new $750,000 student center at Aquinas College here.

Limit Parking In City Lots

Implementing a policy to determine if limited-time parking on downtown public parking lots will provide more customer parking, the City of Escanaba will put two-hour parking into effect on two city-owned lots.

Police Chief Harold Finman said the two-hour parking will be enforced starting Tuesday, April 16.

The lots to be marked for two-hour parking are: The east one-half of the City Hall parking lot; and all of the parking lot in the 1200 block on 1st Ave. N. The west half of the City Hall parking lot will continue open for all-day parking.

The policy on limited parking was adopted by the City Council in response to requests of the merchants who are concerned about lack of off-street parking in the downtown area. The merchants asked that the lots be metered.

The Council, noting that meters had been installed and removed on the lots a couple times, decided that the two-hour limit would be put into effect and the result observed on a test basis.

WATCH THAT overtime parking in city parking lots beginning next Tuesday. Meter Maid Mildred Aho directs attention to the new parking limit signs erected today. (Daily Press Photo)

Briefly Told

American Legion Cloverland Post 82 will meet Monday, April 5, at 8 p.m. at the club rooms.

The Northern Michigan Gift Show this year is being held at Boyne Mountain Lodge, Boyne, Mich., April 21-23 from 9 a. m. to 10 p. m. to show retailers resort and souvenir merchandise.

The Teamsters Union will meet at the Teamsters Headquarters, 900 1st. Ave. S., at 7:30 Saturday evening. All members are requested to be present. The Ladies' Auxiliary will meet at the same time and place.

Stephenson

Two Conferences

The first of two Parent-Teacher conferences for elementary schools in Stephenson Consolidated School district was held today at Stephenson. The second will be held Friday, April 9 at Daggett School.

Quota Exceeded By Blood Bank

The Delta County Red Cross today reported with satisfaction that the quota for the recent blood procurement clinic has been exceeded by 38 pints when the clinic closed Thursday afternoon.

The Badger Blood Bank opened in Gladstone on Tuesday and continued in Escanaba on Wednesday and Thursday. The quota for the three days was 292 pints and this was topped by 38 pints.

Highlight of the session in Escanaba was the attainment of five-gallon donor records by two men — Clinton Groos of Groos, Escanaba insurance man, and Earland Myrvall of 1621 S. 14th St. The men in giving a pint of blood at the clinic here reached a donation total of five gallons.

On Thursday there were 56 appointments kept and 60 donors walked in without previous appointment. There were 11 donors rejected, however, so the total for the day was 105 pints of blood collected—five pints under the day's quota of 110.

Above—quota collections on Tuesday and Wednesday put the total for the three-day clinic above the quota, however.

Helping to build Thursday's total were blood donations by 31 high school students, 18 from the Escanaba Area Public High School and 13 from Holy Name.

Students to become donors must be seniors, 18 years old, and have written permission of their parents.

EAHS Chorus Festival Bound

A 120-voice choir directed by Conrad Beck will represent Escanaba Area High School Saturday in the Class "A" division of the annual Upper Peninsula School Music Association's Chorus Festival at Munising High School.

Sixteen choruses with a total of 1,300 students—including a 70-voice choir from Gladstone high school under the direction of Paul F. Cowen—will participate.

Choruses will perform individually throughout the day in competition with other schools. Top voices from each individual group will join a massed chorus for a concert Saturday night.

Escanaba will be represented in the massed chorus by its 16-voice Madrigal group. In addition, Sheila Piche, who was chosen an honors recipient at the recent Solo & Ensemble Festival at Marquette for an outstanding vocal performance, will repeat her winning selection on the massed chorus program Saturday.

The Escanaba chorus will sing "I Got A Key," by Shaw; "Christ's Be Thine The Glory," by Scheutz; and "Exultate Deo," by Palestrina for its three selections in competition.

A year ago—and in recent years—Escanaba has received highest ratings at chorus festivals.

Three Sisters Die In Fire At Home

DYKESVILLE, Wis. (AP) — Three young sisters died Thursday when fire swept their home after their father had left them watching television while he drove to pick up their mother at a nearby bowling alley where she works.

The victims were Jean, 6, Caroline, 3, and Joanne, 2, daughters of Mr. and Mrs. Clarence Falish. Dykesville is in Kewaunee County, about 12 miles northeast of Green Bay.

Jr. Achievers Hold Workshop

A Junior Achievement workshop conference will bring to Escanaba on Saturday students who are members of 11 JA companies in several Upper Peninsula communities.

The day-long conference will be held in Bay de Noc Community College starting with registration at 9:15 a. m.

Escanaba Mayor George Rusch will greet the young people—students of high schools in communities where Junior Achievement programs are offered—and welcome them to Escanaba at 10:20 a. m.

Coming here for the conference will be members of four JA companies in the Iron Mountain area, four from companies in the Marquette area, and from three Escanaba Junior Achievement companies.

Discussion panels and workshop sessions will be held beginning at 11 a. m. following the showing of a moving pictures, "The Big Question."

The sessions will be devoted to basic topics of sales, management, and production. Products of each of the several companies will be displayed and problems of manufacturing and marketing will be discussed.

Lunch will be served to the group of young people in the Community College cafeteria, followed by group meetings and a general session at which reports of the group meetings will be given.

Dwayne Burak is Escanaba JA program director, Tom Trebilcock at Iron Mountain and Don Bowers of Marquette are program directors for the JA in those communities.

Junior Achievement is a national program encouraged by industry and business and designed to inform young people on the advantages of the free enterprise system.

Kiwanis Sponsors Scholarship To Carnegie Course

The Escanaba Kiwanis Club will present a Dale Carnegie Course scholarship to someone in the audience at an introductory meeting to be held in the State Office Building at 7:27 p. m. Monday.

Purpose of the meeting sponsored by the Kiwanis Club is to introduce the Dale Carnegie Course to the people of the community, said John O'Brien, Kiwanis president.

The public is invited to the free preview session and the club will benefit from the attendance. There will be a demonstration of memory training, part of Carnegie course.

Someone in the audience will be the recipient of a course scholarship, and O'Brien will make the presentation.

City To Have Fact Sessions On Natural Gas

The presentation of facts regarding the proposed sale of the Escanaba municipal gas utility to the Michigan Consolidated Gas Co. of Detroit was discussed by the City Council at its meeting Thursday night.

Information sessions by the city's Natural Gas Study Committee and the City Council will be held, the Council assured two men who asked that the facts be presented to the public as soon as possible.

The men are Cecil Chase and Carl Anderson of Escanaba, who indicated that in their opinion only "one side" of the question had been presented.

The proposed sale of the gas utility will be submitted to a vote of the citizens of Escanaba at an election to be held June 1. Michigan Consolidated Gas Co. has offered $725,000 for the system.

Bargain First

Mayor George Rusch pointed out in the discussion that the Council can in no way commit the city to the sale of the municipal gas utility. This is a decision that only the voters can make.

(To approve the sale three-fifths affirmative vote will be required.)

Mayor Rusch said that until the city and the Michigan Consolidated Gas Co. had reached an agreement, the city's bargaining position would have been weakened by revealing certain information.

"You can't bargain after a sale, if it is sold," the Mayor commented. All of the possibilities had to be provided for in advance before there could be public discussion. Now the Council and the Natural Gas Study Committee is preparing to answer all questions and get all of the information possible to the people.

Gas And Revenues

City Manager George Harvey said that all organizations and groups in the community are being contacted and offered the services of speakers to discuss the natural gas question.

Cecil Chase asked now the sale of the municipal gas utility would affect tax revenues? The city manager replied that for the past 12 years the gas utility has contributed no revenues to the city's operating budget.

Chase asked that there be a full and factual discussion of all aspects of the question. The city manager invited questions addressed to the City Hall and said that the answers will be prepared and the information will be given the news media for publication.

Councilman Harold Vanlerberghe suggested that a public hearing might be arranged to be held at the close of a Council session.

Full Information

Carl Anderson questioned the Council on the economic future of the municipal electric utility if the municipal gas plant is sold and becomes a competitor in the field of heating, dryers, water, and for cooking.

City Manager Harvey said that full information will be presented in reply to questions and that it is the experience in other communities that electric use continues to grow when natural gas comes in.

Mayor Rusch noted that in the period of negotiations not all of the information available to the City Council could be made public. He cited as an example the poor condition of the gas distribution system in Escanaba as reported by Joe Paterick, gas and steam superintendent.

The discussion concluded with assurance that public meetings, speakers, answers to questions and full information on the subject will be presented.

Obituary

JOHN LAURI

Graveside services for John Lauri were held at 2:30 p.m. today at Rock Cemetery with John Small officiating.

Council Picks Planning Firm

A nationally recognized firm of planning consultants, Harland Batholomew and Associates, St. Louis, was selected Thursday night by the Escanaba City Council to conduct a comprehensive planning study for the community.

The firm was recommended to the Council by City Manager George Harvey, after the Council had interviewed representatives of several firms.

The contract with Bartholomew will be a three-party agreement: The City, the State of Michigan, and Bartholomew.

The cost of the study will be approximately $20,000 of which the city's share (to be paid over a two-year period) will be $4,000.

The planning program will come under the Federal Housing Act of 1949, the city manager explained. Federal assistance will be possible under the 701 Program, if the city can qualify. A meeting at which the Council, city administration, Planning Committee and Bartholomew people will discuss the scope of the project will be held soon.

The Council and city manager expressed appreciation to the Planning Commission for its many years of work and its continuing effort toward beneficial planning objectives.

Munising Woman Charged In Road Fund Shortages

MUNISING—Mrs. Irma Paluch, 43, a deputy clerk for the Alger County Road Commission here for more than nine years, has been charged with embezzling $6,073.29 in commission funds since 1958.

She is expected to be arraigned at the April term of Alger County circuit court.

The embezzlement complaint was signed by members of the road commission: Frank Carr, chairman; Thomas Moore and Elson Carberry, Sr.

Prosecuting Attorney Charles Stark said Mrs. Paluch had made full restitution.

The discrepancies in road commission records were found during a routine check by state auditors in February. Authorities said varying amounts had been taken each years from 1958 through 1965, ranging from $615 in 1964 to $1,273 in 1963.

The money was taken primarily from snow removal-plowing funds.

Business Meet And Service At First Methodist

The congregation of First Methodist Church will combine a very significant business meeting and its weekly Lenten service on April 4, with the Rev. James R. Balfour as presiding officer and guest speaker. The occasion is scheduled for 3 p.m.

Climaxing many months of planning under the direction of the Building Committee and the Board of Trustees, the congregational conference will take final action on the proposed new educational wing and remodelling within the present structure. Approval of the completed plans and the financing method will clear the way for the trustees to award contracts for the construction to begin

Immediately after the conclusion of the business session, to be conducted by Mr. Balfour, superintendent of Marquette District of the Methodist Church, the Lenten worship service will be held rather than having a re-gathering in the evening.

No Word Here On Icebreaker

The Coast Guard and the Chicago & North Western Railway in Escanaba had not as of noon today been told when the first boat might arrive here.

"Since we have had no word up to now, I would not expect anything before Monday or Tuesday," said Lee McMillan, C&NW dock agent.

BMIc James Silver, officer in charge of the Coast Guard light station here, said this station has no information on the whereabouts of the icebreaker Mackinaw at this time.

Unions To Study Gas System Sale

The Trades and Labor Council has appointed a committee to study the question of the proposed sale of the Escanaba municipal gas utility, it announced today.

The statement of the Trades and Labor Council describes the discussion at its meeting and its "considerable concern (about) the present proposals for the sale of the gas utility to Michigan Consolidated."

'To combat this attempted one - sided proposition the Council decided to establish a committee to make its own study and establish whether the alleged facts are the only ones available," The Trades Council reported.

The commitee members are John Martinen, Ray Long and Carl Anderson.

"Pertinent information sought by the committee will be:

"1 — Why there was not a labor representative on the (advisory) committee appointed by the City Council to make the study.

"2—Seek to establish whether any change in its past position should be made; whether the city should continue to retain and expand its public utilities.

"3 — To try and make available to the public such additional information that will make it possible for them to make an intelligent decision on June 1."

Approval of the city proposal to sell the gas utility to Michigan Consolidated Gas Co. for $725,000 will require a three-fifths affirmative vote of the people.

Hermansville

To Girls' State

Mary Arnold has been chosen by Leo Floriana American Legion Auxiliary to go to Lansing in June as a delegate to Wolverine Girls State. She is the daughter of Mr. and Mrs. William Arnold Sr. of Hermansville.

UPCAP Group Gets $40,950

Congressman Raymond Clevenger today reported that the Federal Office of Economic Opportunity had approved a grant of $40,950 to the Upper Peninsula Committee on Area Progress to help finance its U.P. programs in the War on Poverty.

The money will enable UPCAP, headed by executive director Dr. E. V. Bowden of Escanaba, to provide a staff for the Economic Opportunity Committee of the U.P. created recently under sponsorship of UPCAP to process U.P. War on Poverty projects.

This is the first grant for this work to UPCAP and the committee headed by Atty. Andrew Wisti of Hancock.

"This is exactly what we asked for," said Dr. Bowden. "This will carry us through the end of July." "All we've got to do now is to hire some people."

Cooking Fires Hit Fire Hall

BARK RIVER — The Bark River Volunteer Fire Dept. won't have room for its fire trucks in the fire hall tonight.

Reason: The hall will be full of people filling themselves full of the finest fish fry firemen's wives can prepare.

The occasion is the 15th annual benefit fish fry for the Bark River Volunteer Fire Department.

"When we started 15 years ago we served 87 people," said chief Herman Palmgren. "It's been growing ever since. Last year we served 585 and ran out of potatoes."

The supply of potatoes was 400 pounds a year ago. Tonight the firemen will have 600 pounds available, along with about 300 pounds of prepared smelt, baked beans, cabbage salad, carrots, bread, tea buns, home-made cakes and coffee.

Serving will be from 5:30 to 10 p.m.

"Last year we netted about $300 for the fire department," said Palmgren. "We use the proceeds to buy equipment and supplies for the fire department we couldn't ordinarily afford."

Wives of the 22-man volunteer corps have been busy all day preparing food for the giant fish fry.

Palmgren insists its about the best available anywhere.

Tourist Preferences

John Murray, director of public relations for the Michigan State Highway Department, has given Upper Peninsula tourist promotion planners the best guidebook they've had to date to help them in their efforts to increase tourist spending in the U.P.

Spending by vacation travelers in Michigan is already near the $1 billion mark, the Highway Department study suggests, and such enormity calls for well conceived and consistent efforts to tap more of this river of money for the Upper Peninsula.

The study shows that the Upper Peninsula does not yet have enough of a recreation area image to draw tourists to all its great attractions in numbers related to the potential. This becomes clear when the case of the Sault is examined.

★ ★ ★

Sault Ste. Marie is famous and attractive in its own right as the site of the world-famed ship canal and this contributes to its leading U.P. position as a destination point named by visitors to the Highway Department travel centers. It scored 31.24 per cent of the state's total. But another very strong factor in the Sault's eminence, besides its gateway to Canada, is its position on the route of northbound vacationers on circle tours of Lake Superior or Lake Huron.

Gogebic County in the western U.P., a gateway to Wisconsin and a strategic point on the Lake Superior tour route, was the second highest U.P. county in destinations—10.19 per cent. By contrast, Delta County, lacking a gateway location, but situated on the Lake Michigan circle tour route, had only 0.7 per cent of the destinations. All the counties on Lake Superior scored much higher than those in the interior of the U.P. or on the south side.

★ ★ ★

The situation shows the need for a scenic highway along the south shore of Lake Superior as a tourist attraction. Apparently no single other thing could be so influential in increasing U.P. tourist travel.

The Highway Department study brings the most factual comment yet on the influence of Mackinac Bridge tolls on tourist travel in the Straits area. Cheboygan County on the south end of the bridge has 7.2 per cent of state's vacationers as a destination and Mackinac County on the north end of the bridge has only 2.2 per cent of them.

The study report states: "The sharp drop (between the two counties) may reflect in part travelers discouraged by the $3.75 Mackinac Bridge toll. How many sightseers would cross the Mackinac Bridge into the Upper Peninsula if it were toll-free is a matter not determinable in this survey.

★ ★ ★

"It is a matter of record in this survey, however, that hundreds of vacationers who returned questionnaires complained about the cost of the Mackinac Bridge toll, particularly those who were towing camping outfits, trailers or small boats on wheels."

Michigan has been told how to increase tourism income in the U.P. The major works are state responsibilities, but the Highway Department survey pointed to things that the U.P. can do, too. "Beautiful Scenery" still is the major attraction and the U.P. can preserve its beauty as one of its greatest treasures. And the study showed that "friendliness of local people" was a top attraction for tourists and we can do something about that if we will.

Dental Hurry

Two American dentists are rushing to Egypt to fill a cavity. An anthropologist is rushing with them, because the hole is not in anybody's tooth but in our knowledge of human history.

The dentists are from the University of Michigan, the anthropologist from the University of Pennsylvania. They plan to take X-rays and measurements of the facial bones and teeth of long-dead Nubians, a people who appeared in Egypt about 2000 B. C.

The urgency is because the Nile River, backing up behind the Aswan Dam, is beginning to flood the ancient burial grounds of the Nubians and the Egyptian government has directed that all borrowed Nubians be put back before the waters reach the graves.

The scientists later plan to make the same studies with modern Nubians to discover what dental changes 40 centuries may have wrought in the human phiz.

What My Faith Means To Me

ELDER RUSSELL SARASIN
The Reorganized Church of Jesus Christ of Latter Day Saints, Gladstone.

Elder Russell Sarasin

We are living in a new age, our times is the result of time and history preparing for this age. This did not "just happen." It was in the mind of God before the foundation of the world.

The great needs of this age is the revelation of Jesus Christ, that he lives, and that we can stand in his power.

Man must have a prophetic understanding of events and in the mind of God, see the ages, then stand in his own hour able to interpret that power and look to things that are yet to be. This is the genius of rebirth and one is able to stand when others on earth tremble within. For they know not Him who created them.

Had they known and given place to this they would have been caught up in the purposes of God. For hasn't he said, "It is my work and my glory, to bring to pass this immortality, and eternal life of man." Man must catch this eternal vision for security comes only in the reality of life.

It is only when his posterity has embraced the truth does man begin to look upward and then Zion looks down, which binds. He who is to they who are. Isaiah said, 11:12, "He shall set up an ensign of the nations." What is this ensign? It is the nature of a society written in the revelation of He who is. A people of vision knowing the power of salvation, and man must know this revelation before they know security.

Faith then expresses itself in the expectancy of that profund source of power and light and that mankind eventually will live in the condition that God had intended they should from the beginning of time.

Heb. 11:1 Now faith is the assurance of things hoped for, the evidence of things not seen.

"You're Sick!"

Answer Phone Fast

WASHINGTON— (NEA) — President Johnson's penchant for telephoning around town on his own sometimes sends tremors of excitement through unexpected places.

Recently a woman operator for an answering service took a call for one of her steady clients.

She said the man wasn't in his office and added:

"Who shall I say called?"

The soft reply stunned her:

"Just say the President called."

★ ★ ★

Lawyer Dean Acheson—President Truman's secretary of state—is an avid student of economics, sociology and political science. He now reports this interest in the social sciences is waning.

Recently, Acheson picked up a book by a noted sociologist and looked up his own name in the index.

"I found that I was mentioned in only one footnote," he says, "and then as a dependent variable.'"

★ ★ ★

White House press secretary George Reedy now has three fish—a northern pike, a sailfish and a marlin—mounted on his office walls.

To distinguish it from nearby conference quarters called the Fish Room, Reedy's place is now called "The Aquarium."

★ ★ ★

Defense Secretary Robert McNamara is already worried that Congress will not approve his proposed reorganization of the reserves by a necessary July 1 deadline.

With the heavy backlog of must legislation, hearings on the reorganization may well be shunted aside.

At a recent press conference, Secretary of the Army Stephen Ailes was asked:

"If the committees presently investigating the reserves reorganization are still in hearings on July 1, will you go ahead with your plans?"

Ailes' answer:

"This is the time I'm supposed to plead the Fifth Amendment, I think."

★ ★ ★

For the fifth consecutive year Agriculture Secretary Orville Freeman was invited to address the annual convention of the National Farmers Union.

Said Freeman:

"I don't know whether I'm a guest or a habit."

★ ★ ★

A high-ranking administration official gives this description of the Congo situation where Premier Moise Tshombe's government is under heavy attack by guerrilla forces openly supported by numerous other African nations:

"In this type of thing, one man's moderation is another man's not-enoughness."

Busy Session At Rapid River PTA Meeting

RAPID RIVER — Rapid River P.T.A. had 75 persons present at the Monday monthly meeting. Mrs. Charles Bowen, president, read the P.T.A. objectives. The membership voted to send a delegate to the P.T.A. Congress meeting at Sault Ste. Marie April 25-28. The organization renewed cub pack 480's charter for another year and voted to pay den mothers' fees.

Mrs. Herbert Lundin and Mrs. Frank J. Lundberg reported on the talent show. The report showed participation of 64 students and a profit of $101.80. Ernest Vanderhoff explained the summer recreation program, which will include swimming, baseball, pram sailing and handicraft. The program will need $1,000 and the three townships of Masonville, Ensign, and Bay de Noc are asked to support it.

A nominating committee for next year's officers was appointed, Mrs. Stanley Dominick, Mrs. Donald LaCrosse and Mrs. George S. Anderson. Plans were made for a pie social at school spring festival, April 29. The committee is Mrs. Barbara Norlander, Mrs. George S. Anderson, Mrs. Herbert Lundin and Mrs. Stanley Dominick.

Mrs. Dominick, program chairman, introduced Mrs. Glenn Nichols, Rapid High School forensics coach, who explained the forensics program. Presentations were made by four speech students; Pat Gibbons, dramatic dialogue, Sue Sundberg, dramatic monologue, Lynn Stenlund, dramatic dialogue and Bill Morin, declamation.

Room count was won by Mrs. Carl Beyne's class. Lunch was served by the seventh grade mothers with Mrs. Charles Dillon and Mrs. Charles McClinchy, co-chairmen.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . more than for all television spot announcements or radio advertising.

It Happened On This Date

Today in History

By The Associated Press

Today is Friday, April 2, the 92nd day of 1965. There are 273 days left in the year.

Today's highlight in history:

On this date in 1917, President Woodrow Wilson asked Congress to declare war against Germany. In addressing a joint session, he said, "The world must be made safe for democracy."

On this date

In 1792, Congress authorized the establishment of the U. S. Mint; the first silver coins were made in 1794 in Philadelphia; the first gold in 1795.

In 1861, the Dakota Territory was created by act of Congress.

In 1872, the inventor of the telegraph, Samuel F. B. Morse, died in New York City.

In 1945, American troops pushed inland on Okinawa after the largest amphibious operation of the Pacific war.

In 1948, Congress approved a big tax cut bill over President Harry Truman's veto.

Ten years ago — The State Department announced that 76 Chinese students, previously refused permission to leave the United States, would be permitted to return to their Communist homeland.

Five years ago — The United States rejected a contention by Soviet Premier Nikita Khrushchev that he could invalidate Western rights in Berlin through a separate peace treaty with East Germany.

One year ago—Moscow called for a world meeting of Communist parties to solve the ideological battle with Red China.

The Doctor Says:

Head Noises Irksome

By Dr. Wayne G. Brandstadt

Q — What can I do for the buzzing in my head which I have had continually for about 6 months?

A — Everyone has head noises at times but as the arteries in our heads, especially those in the vicinity of the auditory nerve, become progressively less elastic these noises become more bothersome. Some people learn to ignore them but others get tense. Unfortunately this makes them worse. Such persons are sometimes helped by taking tranquilizers for a short time.

Such remediable causes include an allergy of some sort, was pressing on the eardrum, obstruction of the eustachian tube and excessive use of tobacco, aspirin, quinine or streptomycin.

Q — My doctor says I have fibrositis in my arm. I also have uterine fibroids. One year ago I had a fibrous tumor removed from my breast. Is there any connection between these conditions?

A — There is no connection. Fibrositis is a general term for rheumatic pains in the muscles or tendons rather than in the joint proper (which would be arthritis). A fibroid is a benign tumor of the uterine muscle and fibrous connective tissue. Fibrous tumors or fibromas may occur in the breast or various parts of the body. Although we don't know what causes them we know that they are not malignant.

Q — My gall bladder series showed that I have a hypotonic bladder that is 3 times normal size. Will a diet help me or must I have an operation?

A — A hypotonic bladder is one that does not empty itself after a fatty meal as it would normally be expected to do. The enlargement of your gall bladder, sometimes called hydrops of the gall bladder, may be due in part to this lack of expulsive force or to an obstruction of the bladder's outlet by spasm, constriction or a stone. Since no mention of a stone was made, I assume none was present.

Most doctors advise against operation for a gall bladder that is merely hypotonic and distended. You should, however, avoid fats and alcohol. You should not take opiates in any form because they cause gall bladder spasm.

Your doctor can give you sedatives and antispasmodics that will relieve any symptoms you may have as a result of your sluggish gall bladder.

Questions And Answers

Q—How does a year on Mars compare with a year on earth?

A—Mars requires 687 days to complete its journey around the sun, or one year and ten and a half months of our time.

★ ★ ★

Q—Does Lloyd's of London issue life insurance?

A—No.

★ ★ ★

Q—What asteroid was named in honor of an American president?

A—Hooveria. It was discovered in 1920 by Professor Palisan of the University of Vienna, Austria, and named for Herbert Hoover.

★ ★ ★

Q—What is the meaning of the name Freda?

A—Freda is a German name meaning "peace."

ACCUSATION

Quite recently I came across a report by "the Joint Legislative Committee on Un-American Activities of the State of Louisiana".

This same committee in a report dated April 13, 1964 concludes the following, concerning Martin Luther King:

"The evidence before us shows clearly that Martin Luther King has very closely connected his organizations, the Southern Christian Leadership Conference, with the Southern Conference Educational Fund. This has been going on for some four and half years.

"By this connecting himself with the Communists, Martin Luther King has cynically betrayed his responsibilities as a Christian minister and the political leader of a large number of people. It is the hope of the Committee that this report will enlighten his followers and supporters as to his true allegiance and purposes."

The above report is signed by Jesse M. Knowles, chairman Joint Legislative Committee On Un-American Activities, Senator Allen, Beauregard, Calcacieu, Cameron and Jefferson Davis Parishes, State of Louisiana.

Ann Landers

Child, 7, Needs Proof Of Love

Dear Ann Landers: Our seven-year-old daughter has started something new. I don't know how to deal with it.

Carrie has been getting up in the middle of the night and crawling in bed with her father. My husband and I share a large bed, but Carrie never comes to my side — always to his.

She has a different excuse every night. Either it is too cold in her room or too warm. Twice she said she heard noises and was frightened. Last night she said her bed was too hard.

Do you feel we should allow Carrie to get away with this? I told my husband I think it's a bad habit which will be difficult to break later. He feels that she is going through a stage and that it would be damaging to reject her.

Last night I told Carrie to go back to her own bed and she screamed, "Daddy is nice and you are mean." What are your views on this? — EMBATTLED MOTHER

Dear Embattled: A child who wanders into the room of parents during the night needs reassurance that she is loved.

Your husband should take Carrie back to her room and chat with her for about 10 minutes. She should not be allow to get into her daddy's bed.

It would be wise if you stayed out of it. Carrie must not get the idea that you are depriving her of daddy's love and attention.

★ ★ ★

Dear Ann Landers: Last night my boy friend and I were parked out in the country. Please don't give me a purity lecture. We were only talking and you can believe that or not.

When Bill thought he heard voices he opened the glove compartment and took out a revolver. I was frightened and said so. It turned out that the voices he heard had come from the radio.

I asked Bill why he carried the gun and he said "for protection." He said he got the idea last year when he read about a couple who had been murdered while parked along the road.

Isn't it against the law to carry a gun in a car? Bill says it isn't. Frankly, I don't like the idea. — NO PISTOL PACKIN' MAMA

Dear N. P. M.: A special permit is needed to carry a gun in an automobile. Salesmen or truck drivers may have need for a revolver, but young romantics should not be parking on lonely roads, gun or no gun. Such couples are targets for robbers and assorted nuts. Furthermore an automobile is a shabby and inappropriate setting for romance.

★ ★ ★

Dear Ann Landers: Recently a woman wrote and asked what could be done about her husband's swearing. Your reply was that people use strong language as a substitute for weak ideas. Beyond that you didn't give her much help.

My father was a bad swearer. I say "was" because he doesn't swear any more. This is how my mother cured him.

She made him agree to pay her 5c a hell, 10c a damn, 25c for attaching the name of the Lord to the damn, and 50c for anything worse.

After forking over several dollars worth of change, my father learned to leave the expensive words out of his vocabulary.

I just read this letter to my dad. He smiled and said, "That's a damned fine letter" and handed me a dime. I hope you will print it. — JENNIE

Dear Jennie: I agree with your dad.

★ ★ ★

If excessive drinking is wrecking your health or destroying someone you love, send for ANN LANDERS' booklet, "Help For The Alcoholic," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

THEY WATCH THE CLOCK

CHATTANOOGA, Tenn. (AP)— Consider this for the rankings of the most unusual complaints received by a public utility:

A trusty at Hamilton County Jail, a block from the Chattanooga Electric Power Board office, called, saying he acted for a number of prisoners.

He said they missed the massive, well-lit clock and other neon lights which normally adorn the power building's roof.

Informed that the clock and lights would be out for a couple of weeks for rewiring, he said:

"Sure hope you'll hurry up, because those guys get worlds of entertainment out of watching all the lights on the building and the hands of the clock moving around and around."

SARC Planning Special Education Meeting April 20

Officers of SARC (Schoolcraft Assn. for Retarded Children met at the home of Mrs. Lyle McManus, president, Wednesday evening. Mrs. Francis Hoholik, Mrs. Lawrence Gardner and Mrs. Leslie Plante attended. Future programs to benefit the slow learner were discussed.

The April 20 meeting at Manistique High School will have emphasis on special education program need here, to help slow learners in school.

Any interested person is invited to participate in the group's activities, whether or not they have youngsters who need the help.

Personals

Mr. and Mrs. William McEacheran have returned to their home in Cooks after spending the winter in Big Pine Key, Fla.

Plans Submitted For New School At St. Francis

Plans for a new St. Francis de Sales school have been submitted to Most Rev. Thomas L. Noa, D.D. Bishop of the diocese of Marquette, following parish discussions.

The parish heard plans for the school at a public meeting. The school board has agreed it is most feasible to construct an entire new building, on Lake St., with eight classrooms, library and multi-purpose room.

Architect's estimates are from $260,000 to $300,000. If approved, plans call for construction so the building is ready by the fall of 1966. The proposed building would be of concrete block and brick construction.

The parish building fund currently has $100,000 in it.

THE TOTAL SELLING MEDIUM IS THE DAILY NEWSPAPER

Briefly Told

Leora P. Brown, Rte. 1, was found guilty in Justice Court Thursday on a State Police charge of failure to yield right of way.

State Police ticketed Peter B. Begle, Detroit, speeding; Duane Bond, Rte. 1, expired chauffeur license; Mildred E. Herro, Thompson, speeding; Clarence I. Snell, Marquette, speeding and expired operator license.

A car driven by Richard Kennedy, 39 of 2515 Lake Shore Drive, Escanaba had the hood damaged in an accident at 10:40 a.m., Thursday in the 100 block of S. Cedar St. Public Safety officers said the Kennedy car slid under the back of a tank truck operated by Jerome Beaudry, 42, of Rte. 1, for Pawley Oil Co. Beaudry had slowed, officers said. No tickets were issued.

The Study club meets Monday at the home of Mrs. Carl Makel with Mrs. John Moffat assisting. The review will be presented by Mrs. Matt Stram.

The 4-H Knits Wits have received word that a former member, Cheri Davis, 12, daughter of Mr. and Mrs. Joseph W. Davis, has been given the blue ribbon award, State Fair exhibit award in knitting and the blue ribbon in creative cooking in Calhoun county. She wil participate in the style show in Athens April 3. She has been attending school in Battle Creek since February.

Francis Clish, Earl LeBrasseur and Ronald Morton spent Tuesday in Munising touring the Kimberly-Clark paper mill.

Richard Allen Lemirand, 23, of Michigan Ave., is being held on a capias warrant of the Detroit police department on a charge of breaking and entering a Wayne county dwelling. He had been released in January for a funeral in Manistique and failed to return, officers reported.

Russell Paquette, 49, of Manistique was ticketed by State Police for improper passing after an accident at 1:30 p.m., Wednesday in Manistique township. Officers said a car driven by Gerald F. Baker, 16 of Manistique was struck by a tank truck driven by Paquette, as Baker tried to turn left. Both were traveling east.

Sundew Arrives At Inland Thursday

The Coast Guard cutter Sundew arrived at 2 p.m., Thursday at Port Inland to assist the L. E. Block of the Inland fleet in docking.

The vessel was to be cargoed with 13,000 tons of limestone for steel making at Indiana Harbor. The boat is the first of the navigation season.

The Block arrived Tuesday night and waited help from the cutter to move ice in the inner harbor so the boat could turn for loading.

Ice 24 to 26 inches thick was cut from the harbor by the Sundew on the weekend.

GLADSTONE

City Charter Vote Monday

With personality contests nonexistent, Gladstone voters will go to the polls for the spring election Monday to decide whether or not they want revision of the City Charter.

Polls will be open from 7 a.m. to 8 p.m. All precincts are located in the City Hall.

Running unopposed for two seats on the City Commission are incombent Raymond Norton and Gene Kee. Kee is seeking the expired term of Reuben Sjoquist, who is not running for reelection.

Also unopposed is Justice A. J. Mortier. He is seeking a second term as Justice of the Peace.

Main issue on the charter question is the effectiveness of a document written in 1923 in today's increasing complex society. City Manager H. J. Hanrikson has said that sections of the charter may be unconstitutional under Michigan's new constitution.

If voters approve revising the charter, a nine-man charter commission will be elected at a later date. The elected charter commission would then be charged with the responsibility of drawing a new document.

When completed, the new charter would be submitted to voters.

Briefly Told

State Police of the Gladstone Post ticketed Daniel R. Tobin, 928 6th Ave. S., Escanaba, for failing to stop for a stop sign.

Miss Elaine Pokenski, 608 Superior Ave., is a medical patient at St. Francis Hospital. She is in room 205. a

The American Legion Auxiliary will hold a public card party at the Legion Hall Saturday at 8 p.m. All members are asked to sponsor a table.

Mr. and Mrs. William J. Marble, of East Lansing, students at Michigan State University, visited the William Marbles over the weekend. Mrs. Theodore Steingraber, of Scottsville, accompanied her daughter and son-in-law on the trip.

Cub Scout Pack 471 will hold their monthly pack meeting at the high school gym Saturday at 7:30 p.m. A program and four skits will be presented and Cubs will receive the awards they have earned.

Frank Jandro Dies Suddenly

Frank Jandro, 74, retired Gladstone business man, died suddenly at 9:30 p.m. Thursday at his home, 602 Delta Ave. He had beeon in ill health three years.

Mr Jandro was born May 14, 1890, in Austria and came to the United States as a young man. He lived in Crystal Falls before moving to Gladstone 30 years ago. He served in the U. S. Army during World War I. He was proprietor of the I. G. A Store in Gladstone for a number of years and retired in 1951. He was a member of First Lutheran Church, Gladstone, and the Lutheran Brotherhood and also was a member of Disabled American Veterans and August Matson Post, American Legion.

Survivors include one son, Marvin, and one daughter, Mrs. Wayne (Jane) Cassell, both of Gladstone; one sister in Europe; two brothers, Matthew Jadrow of Lyons, Ill., and James Jadrow of Berwyn, Ill.; and five grandchildren.

Friends may call at the Skradski Funeral Home, Gladstone, Sunday from 3 to 9:30 p.m. Funeral services will be held Monday at 1:30 p.m. at the Skradski Chapel and at 2 p.m. at First Lutheran Church. The Rev. Reuben Carlson will officiate. Burial will be in Gardens of Rest Cemetery.

Military rites will be conducted by members of August Matson Post.

In the 1964 fiscal year, the U.S. Mint used 114 million ounces of silver. Yet the U.S. produces only 40 million ounces a year. The U.S. Treasury's entire supply of silver is 1,350,000,000 ounces.

Mrs. Waino Binola (Jim Peterson Photo)

Susann Nelson, Waino D. Binola Repeat Vows

Susann Marie Nelson, daughter of Mrs. Edna Nelson, 1502 N. 16th St., and the late Mr. Nelson, became the bride of Waino D. Binola, son of Mr. and Mrs. Robert E. Carlson, 1306 Stephenson Ave., in a 2:30 p. m. ceremony March 13 at Christ The King Lutheran Church.

The Rev. Erland Carlson performed the double ring service.

Honor attendants for the couple were Mr. and Mrs. Michael Beauchamp of Milwaukee.

The bride wore a blue suit with white accessories and a corsage of white carnations, accented with pink roses. Mrs. Beauchamp wore matching accessories and corsage with her beige suit.

A reception for relatives and close friends was held at the Carlson family home.

The newlyweds are residing in Escanaba at 1315 2nd Ave. S. The bride attended Escanaba Public High School and Mr. Binola was graduated from the same school in 1963.

Births

GREBNER — Mr. and Mrs. Joseph Grebner of Rockford, Ill., welcomed their second child, a boy, weighing 8 pounds 14 ounces, The baby was born at St. Anthony's Hospital March 31, at 11:45 p.m. Mrs. Grebner is the former Patricia Caron of Escanaba.

RAY—Mr. and Mrs. Hugh Ray Jr. of 512 Breen St., Kingsford, are the parents of a daughter, their third child, born March 18. The infant, Kalisa Ann, weighed 8 pounds and 7 ounces. The mother is the former Rosemary LaFave, daughter of Mr. and Mrs. Albert LaFave, Escanaba Rte. 1.

Story Time Will Tell Of Monkeys

Monkeys are the most unpredictable animals in the world and boys and girls who attend Story Time this week will soon find that out. Saturday at 10 a.m. in the Children's Room of Escanaba Public Library a program of monkeys in action will be given. Because of the length of the story, only one will be given. "Five Little Monkeys" is the tale of five little mischief-makers and how they kept the jungle in constant uproar — and finally got their just punishment. Children three and above are invited.

Sunday Lenten Service At Arnold

A Lenten service of Holy Communion will take place at the Wells Township Hall in Arnold Sunday, April 4, at 7:30 p. m. The sacrament of Holy Baptism will be administered following the service. The Rev. Erland E. Carlson will conduct the service and the public is invited. A fellowship hour during which the ladies will serve lunch will conclude the evening.

Missionary Service Sunday

A missionary theme will be used throughout the evening service at 7:30 Sunday at the Salvation Army Temple. Talks on missionary work of the Salvation Army will be given by Mrs. Perry Ayotte, who will speak on Africa, Mrs. Ed Berg, India, and Dan Evans, Korea. The music of the service will be missionary hymns, with the String Band taking part. The public is invited.

LADIES BEWARE

Women's Activities

Democratic Women Plan Many Activities

Plans for the annual Michigan Democratic Women's Day to be held in East Lansing April 3 and the Jefferson-Jackson dinner to be held Saturday evening, May 1, at Cobo Hall in Detroit were announced at the recent Democratic Women's meeting. Persons interested in further details may contact club president, Mrs. Verna Murray.

A letter was read from Congressman Raymond F. Clevenger inviting correspondence from his constituents. His address was given as: Congressman Raymond F. Clevenger, 1319 Longworth Building, House Office Building, Washington, D. C. 20515.

The date of May 6 was set for the club's annual spring card party. Co-chairmen for the event will be Marian Desilets and Mabel Moras. They will be assisted, among others, by Eleonore Sullivan, in charge of decorations and Ann Villeneuve, in charge of tickets. The card party has become an annual spring event and while it is sponsored by the Democratic Women's Club it is open to the general public and is attended by both men and women.

Mrs. Villeneuve reported on the annual Democratic party membership drive. She explained that memberships are unified on the local and state level and that dues include a year's subscription to the biweekly Michigan Democrat. This year's drive also includes a JFK Memorial membership with a special membership pin. Interested individuals may contact Mrs. Villeneuve, Mrs. Murray or members of the Delta County Democratic Committee.

Sylvia Niles was hostess for the evening. Guest prize was won by Eleonore Sullivan. The next meeting of the club will be held May 27 at 8 p. m. at the Chamber of Commerce building and will include reports on the card party and election of officers.

Ever add a little Worcestershire sauce to the eggs to be used for an omelet?

CHARTER MEMBERS of the Woman's Society of First Methodist Church are grouped around the attractive tea table at Thursday afternoon's silver anniversary meeting. From the left, are Mrs. Vagn Gydesen, Mrs. Edward Miller, Mrs. Catherine Williams, Mrs. E. G. Bennett, Mrs. Fred Welch, Mrs. John Judson, Mrs. Charles Hammar, Mrs. Gotthard Gustafson, Mrs. Ray Shaw, Miss Mabel Bowers and Mrs. Silas McMartin. Mrs. John Nicholas is pouring. (Daily Press Photo)

First Methodist WSCS Observes Anniversary

Despite stormy weather Thursday afternoon over 50 women met at the First Methodist Church to celebrate the 25th anniversary of the Woman's Society of Christian Service.

The program opened with a short worship service conducted by Mrs. Edward Edick. Mrs. John Hebert, narrator of a short skit "Today We Rejoice — Today We Give Thanks," looked into a crystal ball as women from the past entered. Later women from the present and future entered telling of the different phases in the work of the Woman's Society.

In Cast

Others taking part in the skit were Mesdames Milton Embs, Jack Foster, Fredric Welch, and Miss Mabel Bowers. Mrs. George Semmens sang "A Charge to Keep I Have," accompanied by Mrs. Clovis Colvin.

Mrs. Brown paid tribute to the presidents. Past presidents were Mrs. Elma Ferguson Offen, Miss Mabel Bowers, Mrs. Charles Hammar, Mrs. Otto Paeske, Mrs. John Nicholas, Mrs. Harry Wilhelm, Mrs. P. A. Kennedy, Mrs. Robert Meyer, Mrs. Vernon Whitney, Mrs. John Hebert, Mrs. Roy Ness and Mrs. Donald Ness.

Communications were read from past presidents, Mesdames Elma Offen, Harry Wilhelm and P. A. Kenney, who were unable to attend.

Closing the program, Mrs. Donald Ness, in a memorial service, dedicated a white carnation to the memory of deceased members.

Tea Table

Pouring at the beautifully appointed tea table arranged in white lace, pink floral arrangement and silver and centered with an aniversary cake were Miss Mabel Bowers and Mrs. John Nicholas. Mrs. Vagn Gydesen cut the cake and Mrs. Charles Hammar was in charge of the punch bowl.

Hostesses for the afternoon were members of the Harmony Circle, Mesdames Edmund Hengesh, Alvin Ness and Dorson Owens.

Announcement was made of the spring rummage sale April 25 and the International Festival tea May 1.

Social Club

Legion Auxiliary

American Legion Auxiliary of Post 82 will meet at 8 p. m. Monday at the clubrooms. Mrs. Lawrence Bruce is chairman.

★ ★ ★

Card Party Planned

St. Theresa's Circle of St. Anne's parish is sponsoring a public card party Monday, April 19, at 8 p. m. in the parish hall. Mrs. Joseph LaChapelle, ST6-1421, is chairman, and assisting chairman are Mrs. Carl Westerberg, ST6-1932, Mrs. Robert Snow, ST6-6370, and Mrs. Wanda Wessel, ST6-3174.

Church Events

Bethany Lutheran

Bethany catechism class will meet at 9 a. m. Saturday and at 10 a. m. filmstrips on the Life of Christ will be shown for youth of all ages.

HERE IT IS!
NEW! IMPROVED! INCREASED BENEFITS!
Milwaukee Sentinel
ACCIDENT, LUNG CANCER, DREAD DISEASE INSURANCE
Issued by Independence Life and Accident Insurance Co.
ONLY 1c PER DAY!

Now—available only to Sentinel subscribers and members of their households: Benefit payments for lung cancer and dread diseases—plus improved, expanded accident coverage in a low cost policy you pay for at only 7c a week to your Sentinel carrier when he collects for the paper. Other household members and mail subscribers pay $3.50 each per year in advance.

No other morning newspaper in the United States offers as liberal a policy as this at such a low price. Issued by the Independence Life and Accident Insurance Company of Louisville, Ky., the policy was chosen by The Sentinel because of its extra generous benefits and low cost.

Covers accidents of all types. Pays benefits for injuries, death or dismemberment due to taxicab, bus, airport limousine and auto wrecks, falling objects, burning buildings, tornado, lightning and cyclone, railway or steamship wrecks, pedestrian accidents, farm accidents, etc.

Maximum Death Benefit $15,000 for railroad or steamship accident if policy has been in effect 5 years.

NEW LUNG CANCER BENEFITS
Cigarette smokers and nonsmokers alike can now have the benefit of this policy if the insured contracts cancer originating in either lung while this policy is in force for more than six months, policy pays up to
$500 maximum

Covered are accidents at home, at work or play, at school, while traveling. Pays up to $10 for minor accidents; up to $20 for ambulance; up to $10 for X-rays. Also pays hospital benefits up to 2 months, as specified in the policy.

NEW DREAD DISEASES BENEFITS
If the insured contracts definitely diagnosed polio, spinal meningitis, encephalitis, lukemia, scarlet fever, smallpox, diphtheria, rabies, tetanus or typhoid fever while the policy is in force for more than 15 days, policy pays 50% of expenses, up to
$500 maximum

PAYS IN ADDITION TO OTHER POLICIES YOU MAY HAVE
Claims paid promptly upon receipt of written proof of loss. Protection starts at noon of day policy is issued.

IMPROVED DISABILITY PAYMENTS
Benefits are payable commencing on first day of total disability. Insured can now collect from $30 to $100 per month (depending on type of accident) for a period of up to 6 months.
$180 to $600 maximum

Policy Value Increases 50% First 5 Years
Ten per cent additional death and dismemberment benefits are added each year for the first five years the policy is in force through premium payments and continuous subscription to The Milwaukee Sentinel. Ask to see a copy of the policy for complete details.

No examination. Exceptions: Does not cover accidents caused by warfare, carbon monoxide poisoning, auto races, suicide, nor while traveling outside the United States, Mexico or Canada longer than six months, nor while in military service. Benefits paid according to terms of policy, which is renewable at the option of the company. Limitations: Covers all ages, with full benefits paid up to 65th birthday, after which most are reduced by one-half. Not available in Michigan.

with Ray Crandall

PLANS—William Cook, veteran Manistique High School athletic director, is making plans for the 18th annual Great Lakes Conference track and field meet which will be held at Manistique on May 8 . . Cook is a stickler for detail and lays the groundwork for the GLC meets with meticulous care . . . It pays off in one of the smoothest, most colorful track meets in the Peninsula each spring . . . Escanaba High School is defending champion and will be competing in its final Great Lakes competition along with Stephenson.

★ ★ ★

STAR—Dom Jacobetti, Negaunee St. Paul prep star, made a favorable impression on Frank Rodman, manager of the Upper Peninsula-Northeastern Wisconsin Amateur basketball tournament at Hermansville last week . . . "This young man has great poise and confidence, along with his obvious athletic talents," the veteran independent basketball impressario stated at the close of the tournament . . . Jacobetti played with the Negaunee Russo's team that was upset by Eben in the Class B semifinals.

★ ★ ★

FLAVOR—Ging's Bar of Marquette, the winner of the Class A championship in the tournament at Hermansville last weekend, had a distinct Escanaba flavor . . . Among the players on the team were Fred Boddy, Mike Mileski, Gary Wellman and Mike Gregoire, all former outstanding Escanaba athletes

★ ★ ★

RECORD—Paul Albright, Marquette's 6 foot 3 inch senior forward, set an all-time single season school scoring record with his 477 points during the regular campaign . . . We regarded Albright as the best of the "big school" cagers we saw in action this season . . . He was a tremendous free throw shooter, hitting on 118 of 152 attempts, and he hauled down an average of 19 rebounds per game for Coach Fred Tacollini's Great Lakes Conference champs.

★ ★ ★

TRACK—When Pickford High School invites a former athlete to speak at an assembly it isn't a football player or a basketball performer . . . It's a track figure . . . Speaking to the Panther students on April 7 will be Don Lash, former great distance runner who was the first American to break the 9-minute barrier in the two mile event . . . Now secretary of the North Central Religious Office of the Fellowship of Christian Athletes, Lash will speak at a father-son banquet at the Pickford Methodist Church April 6 . . . Pickford track teams, under Coach Web Morrison, have captured an astounding 13 straight Upper Peninsula championships.

Red Wings Win Series Opener

DETROIT (AP) — Coach Sid Abel and Detroit have the first big victory in the Red Wings' Stanley Cup semi-final series with Chicago but don't count Bobby Hull and the Black Hawks out of the running.

Detroit paced by playoff-wise Alex Delvecchio and Norm Ullman tagged the Hawks with a 4-3 opening game loss Thursday night to go one up in the best of seven series.

Delvecchio, who has played in 99 Stanley Cup games over his 16 year National Hockey League career, blasted two shots past Hawk Goalie Glenn Hall.

Ullman, who finished second in the regular season NHL scoring race, came out of the penalty box with less than five minutes remaining and fired the game winning goal past a frantic Hall.

Floyd Smith scored the Wings' first tally at 12:51 of the first period—it was the first goal of the tight defensive battle.

"I feel great. . .it was a tough one," Abel said in a boisterous Wings dressing room, "once you win the first one, you can always win another. . ."

Abel joined Delvecchio, Ullman, Chicago Coach Billy Raey and a standing room crowd of 14,927, in praise of Hull, even though the 26-year-old Hawk forward was playing on a troublesome knee which hobbled him throughout the second half of the regular season. Hull was a doubtful starter up to game time.

"There was nothing the matter with his legs," said Detroit's veteran Ted Lindsay, "all you had to see was the way he skated."

Hull cracked Red Wing goalie Roger Crozier for one goal in the first period with assists from Phil Esposito and Chico Maki. Crozier had no chance on the shot.

The goal gave Chicago a temporary tie off setting Smith's goal on Hall.

Hull also gave key assists to Esposito who scored the Hawks' second goal at 4:12 in the second period and passed perfectly to Maki for the Hawks' last period tally.

"Hull looked real sound," Delvecchio said after the game," there is nothing the matter with his knees."

Both teams started slowly in the hard checking game as if waiting for each other to score and set the pace.

Chicago and Detroit missed numerous power play opportunities throughout the game.

Both Crozier, an almost-Vezina Trophy winner in his year as Detroit netminder, and Hall were superb in the nets. Time after time, both brought the heavily partisan Detroit crowd to its feet with spectacular saves.

Crozier was credited with 29 for the game and Hall had 32.

Both Reay and Abel say they plan no drastic line changes for the second game of the series here Sunday night.

The third and fourth games will be played in Chicago next Tuesday and Thursday.

Michigan State Coach Is Fired

EAST LANSING, Mich. (AP) — "This is the last year we'll have to suffer," predicted Michigan State Basketball Coach Forddy Anderson, an optimist in defeat.

Forddy was fired Thursday and will have to watch the Spartan fortunes from the sidelines.

Anderson had high hopes for his Spartans of next season despite a 1-13 Big Ten record — the worst in the conference in MSU history — and a 5-18 overall season mark.

He figures freshman talent is the best in years.

"It was a most difficult decision for me to make," said MSU Athletic Director Biggie Munn, "but our basketball fortunes of late have not been what we'd like them to be and in order to improve the picture this decision was made."

There was no immediate announcement of a successor but the search is on.

"We'll start interviewing right away," said Munn. "I have some prospects in mind but I don't want to mention any names."

Anderson had five conference second division finishes in the last six seasons and an over-all 125-124 mark in 11 seasons. His Spartans had one undisputed Big Ten title in 1959 and shared another in 1957.

Anderson said he learned of the firing "with deep regret. It was a big disappointment — coaching has been my whole life," he said.

"I'm sorry Mr. Munn does not consider me adequate to continue the duties involving the basketball fortunes of Michigan State," he said, "and for this I am deeply disappointed."

Anderson, 46 and the father of four children, said he "hoped the university would find a place for me."

Assistant coaches Bruce Fossom and Dan Peterson both have tenure but their status is uncertain.

Anderson played high school basketball at Gary, Ind., and college ball at Stanford. He coached at Drake and Bradley University before moving to MSU in 1954. His lifetime coaching record showed 207 victories and 208 losses.

Detroit Lions Open At Home

DETROIT (AP)—For only the second time since 1954, the Detroit Lions will open their National Football League schedule at home this year, the Lions announced Thursday.

Detroit will be host to the Los Angeles Rams in the Sept. 19 kickoff game of the 1965 season. Other home contests: Washington Redskins, Oct. 3; Green Bay Packers, Oct. 17; San Francisco 49ers Nov. 14; Chicago Bears, Nov. 21; Baltimore Colts, Nov. 25 (Thanksgiving); Minnesota Vikings, Dec. 19.

Trap, Skeet Range Opens Here Sunday

The Delta County Sportsmen's Club shooting committee announces the spring opening of the trap and skeet shooting layouts at the club on Sunday afternoon. All shotgun fans will be welcome. In case of inclement weather the program will be postponed for one week.

Norm Dahlke, of the shooting committee, said that there will be free instructional shooting. There will be qualified instructors on hand to coach beginners through five free rounds. He urges parents to bring their sons and daughters so that they may be taught shooting properly. Shotguns in 12, 16 and 20 guage and ammunition will be available on the grounds.

The clubhouse will open at noon and the shooting program will start at 1.

In the late afternoon owners of snowmobiles will be on hand to demonstrate and to give free rides.

Jerry Roesch

Passing Expert Will Speak At Coaches' Clinic

The passing attack in high school football will be discussed by a master of the game at the second annual Escanaba Coaches Clinic at The Terrace this weekend.

Jerry Roesch, prep grid mentor at Superior East High School, will be the speaker at 10:45 a. m. Saturday.

The two-day clinic will open tonight with Pat Naughton of Northern Michigan University speaking on interior line play.

Roesch's Superior East grid teams have been noted for their excellence in passing. Last fall his Orientals ran up a 7-1 record and captured the Michigan - Wisconsin Conference championship. Roesch will shift over to handle the football coaching duties at Superior Central as the public schools in that city consolidate at the close of the current school year.

Roesch began his career in football at Watertown, S. D., high school where he captained the team and was an all-state guard. During the war years he played service football in the Hawaiian Islands and returned to the states in 1948 to attend Northern State Teachers College at Aberdeen.

After an outstanding college football career he began coaching at Superior East in 1952.

In addition to Roesch and Naughton, speakers at the clinic will be Vince Carillot of Michigan State and Gil Canale of Northern.

Advance registrations indicate the clinic will draw in excess of 100 coaches from schools in Michigan and Wisconsin. The first clinic last spring drew 80.

Clinic officials announced that the two day sessions are open to fans as well as football coaches and referees and that registration may be made at the door.

U.P. Softball Meeting Sunday

The annual spring meeting of the Upper Peninsula Softball Association will be held at the Bowlerama Sunday, April 4, at 2 p.m.

Sites of the 1965 Upper Peninsula softball tournaments will be selected. Keith Morin of Escanaba is treasurer of the U.P. organization.

Tigers Bow

LAKELAND, Fla. (AP) — Opening the American League season with seven road games does not appeal to the Detroit Tigers right now since they have yet to win a game away from Lakeland.

Warren Spahn and ex-Tiger Frank Lary held off a late Detroit surge Thursday as the New York Mets nipped the Tigers 4-3.

It was Detroit's eighth road loss of the exhibition series, six of them by single runs.

The Mets clubbed 13 hits off Detroit starter Dave Wickersham and had him in trouble in all six innings he pitched.

All their runs came in the fourth inning with Kevin Collins driving in two with a single and Spahn sending home the other two with another base hit.

"I was not bothered at all by Wickersham's pitching today," interim manager Bob Swift said. "Dave is the type of pitcher who does his best when he knows the batters and can move his pitches around, aiming at their weak points.

"But we take one look at the Mets' lineup today and no one knows anybody. So it was just a matter of trying to get the ball over and doing your best."

Reliefer Terry Fox pitched the seventh inning and retired the three batters he faced. Fred Gladding did the same in the eighth.

"I have never seek Fox throw as well in the spring," Swift said. "I know Charlie (Dressen) would be pleased with the work of all our relief pitchers."

The Tigers finally got to Spahn in the sixth and seventh innings and scored single runs.

A questionable forceout at second and Ron Swoboda's catch of a Don Demeter clout which traveled some 420 feet prevented the Tigers from scoring more in the sixth.

A walk, error and pinch-hit single by Bill Roman gave the Tigers their final run in the eighth off Lary.

The Tigers were scheduled to play host to Washington today

Dartball Teams Notch Upsets In Tournament

Two upsets were fashioned in the semifinals of the Escanaba Tavern Dartball Association's second half tournament Thursday night.

White Birch defeated Colonial and Bay de Noc downed Lombardi's. The winners will meet for the tourney championship at Lombardi's Monday night. The losers will meet in the consolation game Tuesday night at Wardy's.

Storm Dumps Foot Of Snow

By The Associated Press

Snow, rain and cloudy weather covered broad areas of the nation today, with a storm in the Northeast dumping nearly a foot of snow in some areas.

The storm which swept across sections of the northern Midwest hit hardest in the northern Appalachians. Ten inches of snow fell in a six-hour period in Olean in western New York.

The snow diminished in sections of Michigan and Ohio but fairly heavy amounts were indicated for southern parts of New England.

Heaviest snow in Thursday's storm in the Midwest was in Wisconsin and Michigan, with a half foot in Lansing, Mich., in a six-hour period.

In the East, rain fell from the Carolinas to Maryland. Rain mixed with snow and snow fell in most of Pennsylvania. Moderate snow also was reported in New York City.

Rain splashed across wide areas from southern Texas to Southern California and the Pacific Northwest. Snow fell in the Rockies and at higher elevations of the Great Basin region.

Cool weather continued in most northern areas in the Midwest, with temperatures close to zero in parts of northern Lower Michigan. Early morning readings ranged from 5 above at Traverse City, Mich., to 75 at Key West, Fla.

Harden Is Not Resigning His Post At NMU

(Continued from Page 1)

carried signs saying "We need President Harden" and "Goals For Greatness Cannot be Achieved without President Harden."

One sign saying "Down with Frazier" was removed by demonstration leaders.

Since Michigan's new constitution gave NMU a board of control in 1964, differences of opinion have been reported between Dr. Harden and Frazier.

A part of Dr. Harden's educational philosophy is his belief that anyone is entitled to go to college regardless of his academic record.

Dr. Harden, 57, came to NMU from Michigan State University where he was dean of continuing education. He has degrees from several institutions of higher learning.

Powers-Spalding

Birth

Mr. and Mrs. Howard Otradovec are the parents of a daughter born March 29 at 4:50 a. m. at Anderson Memorial Hospital, Norway. The infant, who weighed 8 pounds and 14 ounces, was named Lisa Ann. The mother is the former Betty Doyen of Stephenson.

At FHA Meeting

Sharman Nelson, Jayne Shesky, Francis Rubick, Penny Pierpon, and Joyce Kirschner, students at Powers-Spalding High School attended the Future Homemakers of America State convention, April 1 and 2, in Grand Rapids.

Lions Meeting

Powers-Spalding Lions met at the Big R Cafe Monday evening for their regular dinner. Guests were John Buck who spoke on Lionism, and on national and the international Lions convention which will be held in Los Angeles. Mr. Lucke spoke on improvements for the U. P. State Fair.

Closing Party

Last in a series of card parties sponsored by the Holy Name Men of St. Francis Xavier parish was held Sunday night. Winners in 500 were Mrs. Sidney Andrews, Albin Anderson of Iron Mountain and Mrs. John Cory. Smear winners were David Draze, Art Corriveau, Mrs. Rose Seymour and Jerry Poupore. Guest prizes went to Jerry Poupore and Arthur Corriveau. Refreshments were served after the games. Baked goods were sold.

St. Ann Meeting

St. Ann Society meeting will be held Monday, April 5, at 8 p. m. One of the officers of the Deanery Board will be present and speak on the convention this summer.

Grand Opening

The newly constructed Midland Co-operative fertilizer plant at Powers will hold a grand opening Monday and Tuesday, April 5 and 6. All are welcome to inspect the plant and learn how fertilizer is shipped and mixed.

HOPES FOR TANGELO

SIRACUSA, Sicily (AP) — Sicilian fruit raisers have high hopes for their new hybrid fruit, the tangelo. It is a cross between the tangerine and the grapefruit (called in Italian pompelmo). The tangelo is as big as a grapefuit, sweeter and very juicy.

Lake Shore Drive Paving Planned

Lake Shore Drive rebuilding from Sylvan Point to 14th Ave. S. will be recommended as a budget item in the Escanaba's 1965-66 capital improvement program, City Manager George Harvey told the City Council Thursday night.

Attention of the Council to the need for improvement of the south section of Lake Shore Drive was brought forcibly to the attention of the Council in a communication from Dr. N.L. Lindquist of 1815 Lake Shore Drive.

Dr. Lindquist said the street has "pot hole disease" and is in need of "radical surgery" and that the city should proceed with an "operation" to cure the situation.

In its present condition the street makes a poor first impression to tourists entering from the south, he added.

The city manager said the condition of the street causes need for frequent repair and is costly to maintain.

The manager told the Council he recommends a capital improvement outlay of $80,000 (of which one-half would be for storm drains) to rebuild Lake Shore Drive from Sylvan Point to 14th Ave. S.

"Now we're pouring good money after bad in trying to keep it patched up out there," Harvey said.

The Council will consider the manager's suggestion in its study of the budget for the next fiscal year.

In other business the Council:

Adopted a motion excusing Councilman Jacob Bink from attendance at Council meetings. Councilman Bink is presently recuperating at Veterans Hospital, Iron Mountain.

Referred to the manager and public works superintendent for recommendation and acceptance of the low bid on asphalt and asphalt emulsion.

Accepted the two identical bids of Brown Concrete Co. and Escanaba Concrete Co. to supply the city with ready mix concrete.

Rev. Mercier Is Pastor At Alpha

Fr. Henry L. Mercier, now assisting in L'Anse and Baraga parishes, has been given his first pastoral assignment by the Most Rev. Thomas L. Noa, bishop of the Roman Catholic Diocese of Marquette.

Effective Monday, Father Mercier will be pastor of St. Edward's of Alpha, with its mission of St. Mary's, Amasa. Ordained in 1956, Father Mercier is a native of Kingsford. He assisted at St. Michael's in Marquette after ordination, was moved to Nativity parish, Sault Ste. Marie, in 1960, and Holy Family, Ontonagon, in 1963. He has been at L'Anse since last June.

As was the case in Ontonagon, he will be succeeded at Sacred Heart by Fr. David H. Rocheleau, who was at St. Joseph's, Sault, from 1962 to 1964.

Index Of Farm Prices Rising

LANSING (AP)—The index of prices received by Michigan farmers in mid-March was one point above mid-February and 224 per cent of the 1910-11 base.

The Federal-State Crop Reporting Service said price increases for wheat, corn, apples and meat animals more than offset decreases for beans, potatoes and wholesale milk.

The March index still was three points below March of last year due to declines in prices of wheat, poultry and fruit.

Stephenson Vocational Plan Accepted

STEPHENSON — The Board of Education of the Stephenson Consolidated Schools has accepted the vocational plan for expanding and improving the Business Education Department which was recently approved by the State Office of Vocational Education.

The plans calls for the purchase of new equipment in the amount of $15,219 to expand and enrich the school curriculum in business training. The present business education training is confined in one classroom. One additional classroom will be remodeled to meet the needs for installing electric typewriters and a multiple dictation and transcription system plus automatic office machines.

Fifty per cent of the cost of the equipment will be reimbursed by the State Office of Vocational Education under the Vocational Act of 1963.

Students will be able to receive a broad and thorough course in business training and graduate as accomplished senior typists, stenographers and secretaries.

System Installed

An intercommunication system is being installed in the Stephenson Elementary School to provide a rapid and efficient method of communication betwen the central office and the staff members. The cost of the installation will be defrayed by special donations made for this purpose and through funds raised by the teaching staff.

School Clerk Hired

The Board of Education of the Stephenson Consolidated Schools has hired Mrs. George Palmer to serve as a part time secretary at the Stephenson Elementary School. She will replace Mrs. Marilyn Kedsch who resigned.

Perkins

PTA Program

A 4-H talent and style show was given at the regular meeting of Perkins PTA Monday evening. Susan Backlund was crowned 4-H Queen by last year's Queen, Susan Demeuse, and Steve Head was crowned King by the last year's sovereign, Wayne Sharkey. Myra Miljour was moderator for the style show. Joseph Bussone, shop teacher, arranged a display of work which juniors and seniors are completing. Julian Van DeCaveye had geometric figures and an electric device made by Carl Wick on display. Lunch was served by Perkins mothers with Mrs. Marie Fuhriman, chairman.

St. Joseph Women

The regular meeting of women of St. Joseph parish will be held Tuesday, April 6, opening with a 1 p. m. Lenten potluck luncheon. The date was advanced one week because of Holy Week.

Legion Groups

American Legion Post and Auxiliary will meet Tuesday, April 6, at 8 p. m. at the Legion Hall.

Mr. and Mrs. Carl Branstrom and Mark visited in Brighton with the William and Dick Demeuse families and Mr. and Mrs. James Branstrom who will make their home there for the present.

Tom, son of Mr. and Mrs. Lawrence LaChance, still is a patient at St. Francis Hospital.

Chicago Prices

BUTTER & EGGS

CHICAGO (AP) — Chicago Mercantile Exchange — Butter steady; wholesale buying prices unchanged; 93 score AA 57¾; 92 A 57¾; 90 B 56¾; 89 C 56; cars 90 B 57½; 89 C 57.

Eggs large steadier; wholesale buying prices unchanged to 1 higher; 70 per cent or better Grade A Whites 30-30½; mixed 30-30½; medium 28; standards 28; dirties unquoted; checks 24.

POTATOES

CHICAGO (AP) — (USDA) — Potatoes: old — supplies moderate; market steady; carlot track sales: Idaho Russets 9.00; Maine Katahdins 4.90-5.50; Minnesota North Dakota Red River Valley Round Reds 6.00; now — supplies light; Florida Round Reds in 50 lb. sacks 4.00.

4-H To Climax Winter's Work

Delta County 4-H Achievement Day — climax of winter project work for about 700 club members in 18 county clubs — will be held Saturday at the Escanaba Area Junior High School.

Opening ceremonies are scheduled for 9 a.m. Project displays will be on public exhibit all day. There is no admission charge.

"This is the grand finale of winter club work," said Larry Bradford, county 4-H Club extension agent. "This is what they've been working for."

The 4-H Club King and Queen for Delta County will be chosen during the morning and will be crowned during the "Style Review" which is scheduled to begin at 9:30. Master of Ceremonies for the style show will be Mrs. Lloyd Sundberg of Ensign.

Judges are Janice Smith, Donna Anderson and Yvonne Germain.

Cindy Safford of Rapid River will be Master of Ceremonies for the 4-H Club talent show beginning at 1:30 p.m. Judges are Mrs. Norbert Hayward, Menominee, and Lester Walcutt, Marquette.

Awards will be presented at the close of the afternoon talent show in the following project divisions — secretarial, electrical, handicraft and clothing. Awards for the style review and the talent show will also be given and Mrs. Albert Weldum will present the Key Club award.

During the day boys will tour the U.P. Power generator plant.

School Board To Meet On Monday At Rapid River

RAPID RIVER — Consideration of teacher contracts and teacher replacement for the coming school year will come before the Board of Education when it meets in the elementary school here at 7:30 p. m. Monday.

These and other reports to the Board will be made by Supt. Walter Peters.

Principal Norman Slough will report on the scholarship program and Robert Olsen will report on progress with the year book.

Ernest Vanderhoff is president of the Board of Education and will conduct the meeting.

Neumann Wins USFS Award

Edwin W. Neumann, soil scientist on the Hiawatha National Forest, was awarded a Certificate of Merit and a check for $100 at a recent information and education seminar held at the Sherman Hotel. The citation, which was awarded by Regional Forester George S. James and presented by Forest Supervisor Sherwood C. Trotter on March 31 read:

"For superior performance from January 1963 to October 1964 in interpreting soils information to foresters and engineers, resulting in greater benefits from Multiple Use Management on the Hiawatha National Forest."

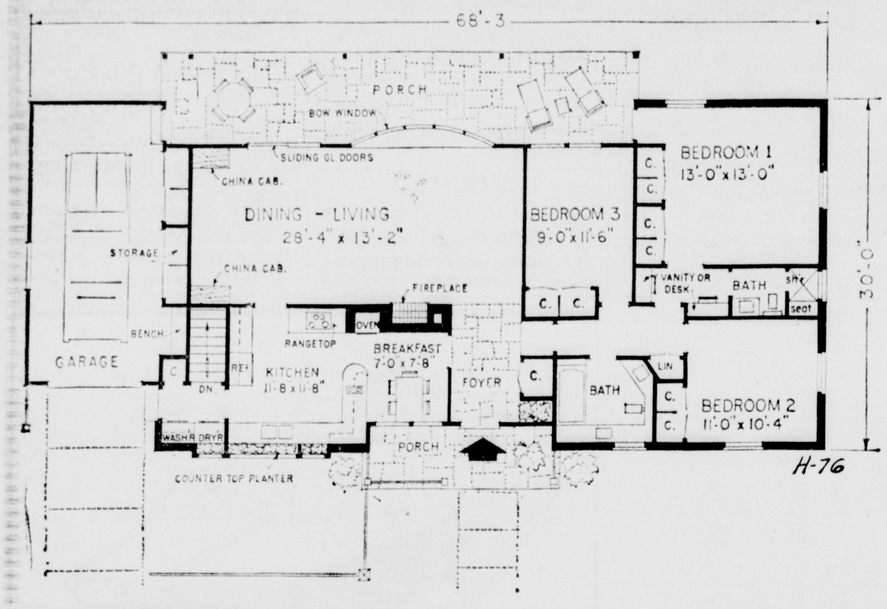
Space In Trim One-Story



FLOOR PLANS: Architectural skill provides long expanses of space within Design H-76, creating the impression of bigness in a modest house. Typical example is 40-foot view from one end of master bedroom along rear porch.

TRADITIONAL APPEAL: There's plenty of it in this three-bedroom, one-story house, which even includes full-length shutters among its old-fashioned exterior features, behind which is a well-planned, modern design with a good traffic pattern.

H-76 STATISTICS

Design H-76 has a combination living - dining room, with a fireplace and sliding glass doors to the rear porch; a kitchen and breakfast area; a laundry, three bedrooms, two baths, a front porch and a garage with space for storage and a work bench. Habitable area totals 1485 square feet. Over-all dimensions are 68' 3" by 30'. The plans include a basement.

By ANDY LANG

Our house this week is not exactly the vine-covered cottage famed in song and story. But its exterior has the same homey appeal and charm of that traditional favorite, plus all the interior advantages of modern design and materials.

Note its inviting front porch, with trellises at the sides and top, and a rail at the front. Full-length shutters, a picket fence and a lamp post help to turn the clock back to a captivating era. There's even space on the porch for one of those love seat-gliders so popular with both the young and old.

Because Design H-76 in the House of the Week series is a one-story home of modest size, architect Rudolph A. Matern has taken extra care to give the appearance of generous space without adding to the budget. The square bay window in the kitchen and service entrance provides a big-room look from the outside but spans two room inside. By the inclusion of the breakfast room into the kitchen in a side-by-side arrangement, an 18' 8" room is created.

Still another space improvisation is the combining of the living room and dining area into one impressive 28' 4" room. Those desiring to establish the extremities of each room can do so by the manner in which the furniture is placed. The front foyer, located in line with the end wall of the fireplaced living room section, gives an unobstructed view of 23' from the front entrance. There are no projections from the ceiling to interfere with this view.

This always - effective arrangement of guiding the eyes from a vantage point along a grand expanse of space is also taken advantage of in the master bedroom. Its rear doorway sights along the covered porch for a distance of about 40'. This rear porch also can be entered through sliding glass doors in the combination dining-living room. An attractive bow window next to the doors gracefully projects into the porch.

Here are some of the other features in this three-bedroom, two-bath house with its 1485 square feet of habitable area:

A laundry out of, but next to, the kitchen and at a service door; a dressing area with vanity or desk space just inside the master bedroom; a built-in oven; plenty of closet space; a countertop planter in the kitchen; a square bathroom with fixtures on three walls; and an over-deep and extra-wide one-car garage, providing room for storage and a workbench.

This house has a good traffic pattern, with the bedroom wing directly to the right of the front foyer, the kitchen-breakfast area to the left and the dining-living room combination straight ahead. All three of these sections can be entered from separate entrances as well as from the front door—and in no case need any of the other sections be walked across.

Eight Escanaba Students Enter Science Fair

Eight Escanaba Area High School students, traveling on their own time and money because of hte currently cramped financial picture in the school system, will enter projects in the 11th Annual Northern Michigan Science Fair Saturday at Marquette.

The students are: Daryl Kauffman, Peter Roeder, Judy Hall, Marvin Coon, Mary Bisdee, Sharon Olsen, Bob Mosenfelder and John Walbridge.

All were participants last week in the "science exhibit" in the commons area of the high school. Their projects were considered "competitive" by school faculty members.

Theresa Rose, chemistry instructor, will chaperone the group, also at her own time and expense.

Exhibits will be beginning at noon Saturday in C. B. Hedgcock Fieldhouse on the Northern Michigan University campus. Winners will be announced at 4 p. m.

Over 100 projects are expected from students in Upper Peninsula schools, according to William E. Wright, Marquette, fair coordinator.

CLOCK JUMPED AGAIN

EUREKA, Nev. (AP)—Eureka County, Nev., residents gained an hour, like other folks, when Nevada reverted to standard time for the winter.

But they lost it again a couple weeks later. Eureka businessmen petitioned the county commission to put the east-central Nevada county on Mountain time. The commissioners approved.

The businessmen said they preferred to be on the same time as White Pine County to the east because of the amount of travel and communication between the two counties.

Kitchens Still Behind Times

AP Newsfeatures

House hunters who are having difficulties finding an efficient kitchen can blame their dilemma on the builder, says interior designer and kitchen planner, Joseph Freitag. Major appliance manufacturers have kept pace with the times, he says. Ditto floor covering designers and counter top specialists. But we still have old-fashioned kitchens because builders won't spend money for better kitchens, he says.

"I took a 15-year-old catalog to one important kitchen cabinet manufacturer to show him he hadn't improved his standard cabinets one iota in all that time. He told me that if his cabinets were 5 per cent more in price and 60 per cent better in function, builders wouldn't buy them," said Freitag.

Kitchens look good but it's because they are gimmicked with accessories, wallpaper or paint, Freitag says. But when it comes to coping with today's kitchen problems, these kitchens can't do it.

"Deep cabinets are useless today except to store dinner plates. They were designed in the days when people bought ten or twenty pounds of flour, sugar and cereal. What we need is space to store small items — cans, envelopes of dehydrated foods, boxes of instant grains, cake mix and so on. Cabinets are too high and too deep to accommodate these little things efficiently.

We need some sort of cabinet, too, for small appliances, he says, pointing out that years ago the only items on a counter were a toaster and mixer. But now it is likely that blender, can opener, coffee maker, broiler and fry pan are included. How can these things be useful, if they are not within reach, he says. And if left on the counter, how can the counter be useful?

He'd like to see use made of easy-to-reach places — backs of cabinet doors, backsplash, the area underneath wall cabinets, the most easily reached spots in the kitchen.

When Freitag designs a custom kitchen, he can really live it up design-wise. Often everything must be custom built as in a recent one, a test kitchen for Farley Manning, a Madison Avenue firm handling food products.

He installed innovations such as a three-level worktable — 30-inch level for rolling pastries, cutting dough, food preparation; 32-inch level for working with blender, casseroe, pots that one must look into when filling; 42-inch high table, ideal for cookie and cake decoration, preparing molds, sorting and arranging. A 48-inch-high shelf just above it is ideal for temporary functions — cooling cakes, etc.

For handy use for youngsters, there's a small cabinet designed for paper service with grooves for paper plates, cups on pop-up pegs. The cabinet is removable for easy cleaning.

Freitag doesn't like overhead cabinets — few women can reach to top shelves or to the back of any shelves without a stepstool. He favors counter-level cabinets where things may be reached. He designed one in the test kitchen for use at the sink for cleaning powders and such so that one doesn't need to reach or bend.

All in all our outmoded kitchens need complete revamping, he says.

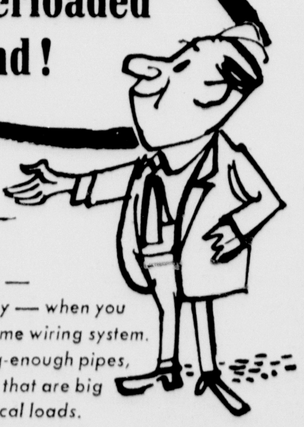
modern home wiring
works rings around
the old "overloaded" kind!


It's a fact: electricity works faster — and more economically — when you have an up-to-date home wiring system. Just as water needs big-enough pipes, electricity needs wires that are big enough to carry electrical loads. So see your electrician for a wiring checkup for your home. And if you're building or remodeling, insist on up-to-date wiring. Modern electrical living demands modern electrical wiring!
ESCANABA MUNICIPAL ELECTRIC UTILITY
live better, ELECTRICALLY
